

PERGOLAS, VERANDAHS, PATIOS, ALFRESCO AREAS

Not just an outdoor space but a lifestyle

All our structures are custom designed & built using only Australian produced steel and Bluescope Colorbond roofing materials. Color choices are endless enabling us to specifically build to match & compliment existing features of your home.

Our 15 year structural guarantee will ensure you enjoy your new outdoor area for years to come at the same time adding value to your home.

Endless design options—let us help create your outdoor area

We custom design & build the following steel pergolas:

- Split Gable
- Gable
- Skillion
- Curved

Roofing options:

- Solar Span
- Laser Lite
- Danpalon
- Designer Lite
- Flat Deck
- Corrigate Iron/Custom Orb

We choose Firmlock building systems. A solid steel construction, super strong, light weight and can create large spans. It is fire resistant and wont rot, shrink or rust.

Pergolas Plus Outdoor Living also manage all aspects relating to local Council permits & approvals.
